WANT TO KNOW.

British Columbians Auxious as to Behring Sea Ownership. OTTAWA, April 4 .- In the senate yesterday

MacDonald, of British! Columbia, interrogated the government regarding the recent proclamation of President Harrison respecting Behring sea. Senator McInnass, also of British Columbia, read an editorial from a United States paper to the effect that one-half of Behring sea belonged exclusively to the United States. In conclusion he urged the government to ask the imperial government to settle the question at Germany. once and forever. Kaulbach spoke in a similar strain. McInnass interrupted him to state the United States had put forth the to state the United States had put forth the contention in 1887 to exclusive privileges in that sea, and had seized the British vessel Abbott. The government leader said he did not understand the proclamation to assert any new rights by the United States or any right over Behring sea. He believed the American government contended that certain portions of Behring sea were exclusively under American jurisdiction. The Canadian government would continue to act in accordance with the opinion of Lord Salisbury. Just demands of British subjects for compensation for damage done by these illegal seizures would not be abandoned.
